March 12, 1924.

Mr. J. R. Childs,
Civil Engineers Core,
Los Angeles, Cal.

Dear Sir;

Enclosed find carbon copy of letter that I wrote your brother at Forsyth and he has today advised me that you hold the old Collier family Bible belonging to the Collier family of Monroe so I wish you would send me a complete record as I am getting up the family history of the Collier family back from the 16th Century and have it all complete except the last one hundred years and have a lot of that data ready. Would appreciate your sending copy of the record to me and with usual kind regards I beg to remain,

Yours very sincerely,

J. C. Collier.
